## **PREFACE**

The Secretariat of the International Coconut Community (ICC) is pleased to present the Eleventh Edition of the Directory of Coconut Processors, Traders, and Equipment Manufacturers. Since its first publication in 1995, this Directory has served as an important reference in support of ICC's mandate to promote product and market development in the global coconut industry. It provides comprehensive and up-to-date information on traditional and emerging coconut products, as well as the exporters and importers actively engaged in international trade.

This Directory is intended to serve as a valuable resource for all stakeholders directly and indirectly involved in the coconut sector. It features detailed information on 5,107 entities operating in various segments of the coconut-based industry, including manufacturers, exporters, importers, and producers of coconut processing machinery and equipment. To ensure ease of use, entries are organized alphabetically by country and company name, complemented by indexes arranged by country for quick reference.

The ICC Secretariat extends its sincere appreciation to all stakeholders and partner institutions who have contributed to the preparation of this Eleventh Edition, including the National Liaison Officers of ICC member countries, BPS-Statistics Indonesia, United Coconut Associations of the Philippines, Philippine Coconut Authority, Coconut Development Authority of Sri Lanka, Coconut Development Board and Coir Board of India, the International Trade Centre, and other collaborating organizations.

Special appreciation is also extended to Mr. Alit Pirmansah, Market and Statistics Director, for his dedicated efforts in compiling, verifying, and organizing the data presented in this publication, with the invaluable assistance of Mr. Rahman Halim Novrizal (Market Assistant), Mr. M. Najib Hilmi (Statistics Assistant), and Mr. M. Mufid Febrianto (IT Assistant).
